

*Are you a woman, 65-80,
who has experienced an arm or
wrist fracture in the last two years?*

*You may qualify to participate in a research study to
evaluate a painless and non-invasive technology
to improve the diagnosis of osteoporosis.*

Eligible participants receive
DXA scan and testing with
the non-invasive medical
device at no cost.

Participants will be
compensated for
time and travel.

For information call
OsteoDynamics, Inc.
at (513) 475-6638.
